Krew Media Group's passion is in serving our clients globally through creative and innovative design solutions.

---

### Our Background

Krew Media Group is a creative design, web development, and mobile application studio. Based out of Irvine, California, we design and develop web sites and mobile applications for clients spanning many industries. Our clients benefit from the expertise we also offer in hosting and email service, web maintenance, branding, print, photography, and audio production services. We are a boutique-style studio that leverages an extensive list of services. Our integration of these services backed by our quality customer service creates value, trust and reliability towards our clients.

---

### What We Do

Our core expertise lies in designing web sites and web applications using robust technologies such as: ASP, PHP, .NET(C#, VB.NET), XML, Flash (Actionscript), JAVA, MS SQL, MySQL, IIS, LAMP, SmarterMail, MailEnable, Photoshop, Illustrator, Joomla, WordPress, Drupal, XML. These include Flash & Hybrid websites, Client Intranet / Extranet Portals, Content Management Systems and E-Commerce. In addition, we've also worked on branding projects and print work for the corporate, non-profit, and retail industries to name a few. Our web hosting and maintenance offerings are an attractive service for our clients in that we essentially handle all of the details concerning their site hosting, emails and website updates at a competitive rate. This allows our clients to focus their time and resources to run their businesses. We also provide personal technical support and are available to respond to any questions or issues that may arise in a timely manner.
